

GAS CAM 2

Our innovative live gas main camera system provides the highest quality inspection. It is a highly robust camera with LED illumination. The camera and its casing are made from Aerospace grade materials, making them very lightweight.

Memory flex push rod cable technology provides a tougher defence against wear and tear and resists spiralling in the main. Increased fibre bonding improves resistance against snapping, whilst retaining its flexibility and low friction during surveys.

HDD display screen provides “day light” visibility at all times.

The system comes complete with a 10 hour lithium battery pack.

KEY FEATURES

- Recordable or non-recordable CCTV footage
- Live metallic launch system
- 35mm Camera – 3” to 6” Diameter mains
- 50mm Camera – 6” to 12” Diameter mains
- Lengths of up to 120 metres in one direction can be achieved
- Lithium battery pack up to 10hrs
- All camera heads are pressure rated to 16, therefore they are suitable for water ingress surveys
- Sapphire camera lenses for ultimate durability & performance

| Control Unit | Camera (35mm) | Camera (50mm) | Battery Pack | Inspection Rod | Launch Head | Optional Extras |
|---|---------------------------------|---------------------------------|-------------------------|-----------------------------|---|---|
| 10.4” TFT LCD Panel | Stainless steel body | Aerospace grade aluminium body | 12v 11Ah Lithium Ion | 9mm Diameter push rod | Metallic – Vertical angle launch assembly, compatible for connection on Self-levelling WASK drilling base on metallic mains | |
| 1024x768 Resolution | 976x496 pixels @ 50Hz | 976x496 Pixels @ 50Hz | 12v Li-ion fast charger | Polypropylene outer coating | | Meterage arm |
| Anti-reflective, sunlight readable screen | 12x White LED illumination | 18x White LED illumination | 12v Socket | 120mtr Length | | Company logo embossed onto unit |
| 110v-240v Power input | 12x White pressurised to 16 bar | 18x White pressurised to 16 bar | Water resistant case | | | Numerous colours for Pelli case |
| 12v Power input | | Self-levelling | | | | Recordable option to store up to 1 TB. USB and SD card downloadable |
